

SWAP PARTY!

Clear your Clutter and walk away with something new!

A Swap Party is a new green initiative like the former Tupperware party days of old. Bring items in good condition and swap them with items other people have brought for swapping.

HOW IT WORKS

Each participant can join in the Swap Party for free. We would love to have donations to the Grove, but it is not necessary. If you wish to join us for our pot-luck brunch before-hand, please bring a dish to share.

Bring your used but in good condition items to CedarLight Center. We will create a list of items you have donated and set them up for display. People will be given opportunity to browse your items during our Rites of Caffiena brunch and the Swap will officially begin at 1pm

During browsing, feel free to take a tag and write your name on an item you'd like to have. We will then take turns claiming an item for our own, one person at a time, until no one wishes to take anymore. We will go over how we are going to proceed before we begin.

LIMITED ITEMS

Please do not bring anything broken, any clothes that are badly soiled or unclean, no CD's that skip and do not play, no toys that are missing parts. Everything must only be gently used, otherwise in perfect condition.

UNWANTED ITEMS

All unwanted items we will attempt to sell as a yard sale to support CedarLight Grove. After the yard sale, all final unwanted items will be
